

# INTERNSHIP APPLICATION FORM

---

**School of Mathematics, Statistics and Applied  
Mathematics**

**Summer Internships**

---

<b>NAME OF APPLICANT</b>			
<b>PROPOSED SUPERVISOR</b>		<b>DISCIPLINE</b>	

## **School of Maths Summer Internships**

Applications are invited for undergraduate research internship positions to be held in the School of Maths for up to 10 weeks between June and September, 2012. Interns will receive €250 per week. Applications should be submitted by the internship candidate by **5 pm on April 20<sup>th</sup>**. Applications should be submitted on this form in a single Word format document to: [Cathal.Seoighe@nuigalway.ie](mailto:Cathal.Seoighe@nuigalway.ie) . Please include School of Maths Internships in the subject line.

Internships are available to undergraduate students of any nationality. Interns must not have completed their final examinations. It is expected that the most competitive students will be those entering their final year. Eligible supervisors are those who may supervise M.Sc./Ph.D. students. Candidates should make contact directly with prospective supervisors to discuss projects and to arrange for the submission of the required recommendation. A list of staff members who are willing to host interns will be posted on the notice board in the maths admin block (ground floor Áras de Brún).
